If you are a resident of this community, read the Record-Herald, and, if you are not—read it anyway and keep posted on developments in the biggest little city on the Pacific Coast. This paper is full measure in value for the price and at this time we are giving away votes with subscriptions. We are also giving away some expensive and valuable prizes. The free votes to the subscribers will win these prizes for the ladies who get after the subscription votes, so do not be surprised Mr. Subscriber, and Mr. Prospect, if some nice lady should call upon you in search of your free votes, and do not allow your good disposition to be ruffled if two should call to see you, for you can spread sunshine in the pathway of an honorable and legitimate cause as easily as otherwise.

Your subscription is solicited and between now and the 13th if April, it will mean more votes for some candidate than at any other time during this contest.

ADVERTISING FEATURE

This is simply an advertising feature applicable to this kind of business, which must have publicity occasionally. There is no other way at our command whereby we can get talked about (good and bad) and advertised so well as giving away useful gifts to those who work and win them. The subscribers get the paper, the candidates get the votes, the voters win the prizes, and the paper gets the circulation. Everybody gets rewarded in this affair and it is the desire of this department to have everybody happy.

If you are ill-tempered and feel

PRESIDENT SAYS SAVE LIFE OF TOM MOONEY

SAN FRANCISCO, March 29.—President Wilson today telegraphed to Governor William D. Stephens asking that executive clemency be extended to Thomas J. Mooney, now under sentence of death as one of the preparedness parade bomb conspirators.

This is the second communication that Governor Stephens has received from President Wilson asking official intervention to give Mooney a new trial.

The first communication sent in Mooney's behalf followed the report of the Federal Mediation Commission headed by Secretary of Labor William B. Wilson, asking the President to intercede to obtain a new trial for Mooney.

Governor Stephens has said that he would not announce his course in the Mooney case until it had passed through the regular court channels that would bring the case squarely before him.

ALL READY FOR LIBERTY LOAN CAMPAIGN

Contra Costa county's Liberty Loan allotment has been placed by the superintendent of this district at $834,000. Richmond's part of this will be $258,000, a sum which is considerable less than that demanded of us in the last drive. However, at that time the City of Richmond subscribed for about a half million dollars of the bonds. The aim at this time is to go 50 per cent over the sum demanded by the government.

Richmond and Contra Costa county are now ready for the big Liberty Loan drive which opens in this county on the Sixth of April. Charles J. Crary of the First National Bank of this city will have charge of the Richmond end of the work for the county and the upper portion of Contra Costa will be looked after by W. A. Hale, of the Bank of Martinez.

It is thought there will be little trouble in securing the allotment for this county, for enthusiasm along war work is very great throughout the bay districts and particularly along the east shores of the bay. Although the amount which Richmond is presumed to subscribe the county have not been specified as yet, it is presumed that our allottment will be the same as before—around $350,000

CONCRETE FOR SHIPS TO BE UTILIZED IN RICHMOND

As was announced by the Record-Herald several weeks ago, this city is to have a large concrete shipyard within the next few months. The process is very simple, for all that is necessary is some simple machinery for bending heavy steel rods used in reenforcing the concrete.

Concrete ships have been found to be a success. They have been in use in certain parts of the waters of the old country for many years and have just as much buoyancy and are as staunch as ships made of steel or wood.

According to Henry Wahl, superintendent of the Municipal company his concern has a large amount of state highway construction work on hand which will be completed in about ninety days. Then they will go to work on the construction of several of the mammoth concrete ships. In reply to an interrogatory concerning the location of the shipyard, Mr. Wahl stated that he did not know just where it would be located but probably in the neighborhood of the municipal docks.

1 KILLED AND 1 MAIMED BY S. P. ELECTRIC TRAIN

OAKLAND, March 29.—One man was fatally injured and another maimed for life in two Southern Pacific electric train accidents in West Oakland last night. An unidentified man, about seventy-five years old and poorly dressed, was run down by a west bound electric train at the foot of Twenty-third street. His skull was fractured and he died this morning in the receiving hospital.

Yuatt Rose, 5009 East Twelfth street, lost his right arm and right leg and was internally injured when an eastbound train struck him at the foot of Thirteenth street. He is in a serious condition at the emergency hospital.

WHEAT RATION CUT DOWN BY MANDATE OF GOVERNMENT

After April 1 there will be only one and one-half pounds of wheat flour or wheat products available for each person in the state in any one week, according to the United States food administration rules announced by Ralph P. Merritt.

Merritt declares greater consumption will reprive others of the amount to which they are entitled. Substitution as much as possible of potatoes, fresh vegetables, corn and barley flour in place of wheat is called for.

Merritt also announced that advances in the price of foodstuffs has been checked. While, he said, no one expected low prices in war time, the extortionate prices at the outbreak of the war have disappeared. He said the government has regulated distribution and limited profits to the point where there has been a steady settling of prices to the normal economic line.

MORE HOMES IN RICHMOND WILL BE CONSIDERED BY INDUSTRIAL COMMISSION

The meeting at 12:30 luncheon next Tuesday of the Richmond Industrial Commission to find ways for building more homes in this city is hoped to develop some plans that will count. At the least these meetings all tend to bring home to every one capable of building the necessity of more homes to the prosperity of Richmond and to put them in mind of building. There is no doubt that the various meetings will result in many new homes and once the ball is started rolling well it will gain momentum. The example of these actually building will be followed by others.

The success of the movement to form a $100,000 building corporation rests entirely, it is stated, on the way in which the citizens of Richmond and especially the men in various lines of business here, take the project and the extent to which they will take stock. Several members of the Richmond Industrial Commission have already subscribed $1,000 each and it is said that other members will take that much stock and that two will probably take from $2,500 to $5,000 worth. There will be still a large sum for the general public to take up.

The Richmond Industrial Commission is keeping up a hot campaign on the Washington end to get the Government to build here. An agent of the Housing Committee of the National Council of Defense has come from Washington and is now at the Palace hotel in San Francisco. He will be appealed to personally Simon J. Lubin, representing the Immigration Housing Commission in California is at the Hotel Raleigh in Washington and he has also been asked to help, as has been James H McBride of Pasadena, who represetns California on the Housing Committee of the National Council of Defense and is now in Washington.

BIG STRIKE IN KANSAS CITY TIES UP ALL BUSINESS

KANSAS CITY, March 29.—Kansas City is strike bound today. Approximately 15,000 bearers of labor union cards have joined the city-wide sympathy strike, called by labor leaders to force the Laundry Owners' Association to make a settlement with their workers. Not a single street car in Kansas City, Mo., Rosedale, Independence and Kansas City, Kan., is running. All saloons in Kansas City are closed until further orders. The local home guard regiment has been authorized by the Governor to assist in policing the city in case of a resumption of mob violence. Moving picture shows in Kansas City are closed. Permission has been granted by the strike committee for the operation of one 15,000 kilowatt generator of the light company to operate mail cars and factories filling government orders. The municipal water plant was also exempted from the strike order.

FIGHTERS OF AMERICA MAY BE LED BY GENERAL FOCH

AMSTERDAM, March 29.—The German supreme command is about to deliver a new and mighty blow on another part of the front, which will "tear a new hole in the already pierced enemy ring," the Vossische Zeitung of Berlin declares.

PARIS, March 29.—The long range bombardment of Paris was resumed shortly after 3 o'clock this afternoon.

PARIS, March 29—General Pershing called in General Foch at headquarters yesterday, according to L'Information, and placed at his disposal the whole resources of the American army for employment in the battle now in progress.

"I come," L'Information quotes General Pershing as saying, "to say to you that the American people would hold it a great honor for our troops were they engaged in the present battle. I ask it of you, in my name and in that of the American people.

"There is at this moment no other question than that of fighting. Infantry artillery, aviation—all that we have are yours to dispose of them as you will. Others are coming which are as numerous as will be necessary. I have come to say to you that the American people would be proud to be engaged in the greatest battle in history."

General Foch placed General Pershing's offer before the council at the front, L'Information says. The council includes Premier Clemenceau, Commander in Chief Petain and Luois Loucheur, minister of munitions.

There have been several reports recently that General Foch, one of the most brilliant strategists of the day, who was largely responsible for the French victory in the battle of the aMrne, would be placed in supreme command on the western front. The Daily Chronicle of London yesterday said an announcement bearing on the co-ordination of British and French military exertions might be expected almost immediately and that an influential role might be assigned to General Foch.

U. S. OBSERVERS CONFIDENT

WASHINGTON, March 29—American military observers appeared confident today that allied counter offensives will not be long delayed and seemed equally satisfied that a substantial American force will enter the battel when the signal for the Anglo-American stroke is given.

Major General March, chief of staff, today assured the American people that there was no cause for alarm in the eGrman advance.

"Whatever may be the present ground held by the Germans," General March said, "whatever sacrifice of men the situation may entail, the allies will see it through and will win."

The British withdrawol before the German advance was made according to pre-arranged plans and is "all over now." Major General J. Franklin Bell today told the Senate Military Committee. He said the allies have known of the German preparations for the present drive since soon after they were begun and made active preparations to face it. General Bell recently returned from the batle front.

WESTERT PIPE & STEEL MAN ELECTROCUTED IN BERKELEY

Ed Workman, a boilermaker belonging to the field crew of the Western Pipe and Steel company, whose factory is located in this city, was electrocuted by coming in contact with a high powered electric line this morning at the Peet Bros. Manufacturing plant, Sixth and Carlton streets, Berkeley.

Advices from the office of the Western Pipe and Steel works in this city are to the effect that the man was engaged in constructing tanks at the Peet Bros. plant and that he was almost instantly killed by coming in contact with a high power electric line. His home is in Oakland, but no information could be secured as to whether or not he had a family.

The field crew of the Western Pipe and Steel company is handled entirely by a superintendent of construction who has offices in San Francisco, and that gentleman could not be located today.

"Danger to Democracy" will be the subject of the four-minute men speakers who are to speak in the local theaters during this week. Attorney H. E. Jacobs is the chairman of the four-minute men here.

The Veteran Fireman's Association will entertain their friends with a whist party tonight at their club house on Standard avenue. Arrangements have been completed to make this a delightful affair, but it will not be open to the general public.

H. L. Barnaman is going to put up a big apartment house on his property at 19th street. There will be sixteen apartments and the building when completed will cost $20,000, according to the estimates of the architect.

AMERICAN BOYS CAPTURE FOUR BOCHES IN BIG RAID

WITH THE AMERICAN ARMY IN FRANCE, March 29.—Four prisoners were captured by the Americans on the front northwest of Toul some time during last night or early this morning, according to reports filtering back from the line. It is not known whether the prisoners were engaged in an attempt to raid the American positions or whether they were brought in by an American raiding party.

STORY HOUR AT LIBRARY

The following stories will be told Saturday at 3:00 o'clock at the Main library.

The boy that was scaret o' dyin'.
The caterpillar's lesson of faith
The Easter story.

The Story Hour will be resumed at the West Side Branch library at 11:00 A. M.

The small boy and his sister is enjoying a vacation this week and it will last over during all next week. This is Easter week and many of the children are kept out of school on account of confirmation.

NAPA MAN MADE TO KISS STARS AND STRIPES

NAPA, March 29. — Calistoga, where it is reported there is a hotbed of pro-Germanism, was raided Wednesday evening by a patriotic organization of Napa and five Germans, charged with having made seditious remarks were made to kiss the flag.

Other cases involving other Calistoga residents were thoroughly investigated and were taken under consideration.

The expedition was headed by Sheriff Kelton and District Attorney Coombs and comprised over eighty representative citizens, drilled by Captain G. C. Gardner, armed, sworn in as deputy sheriffs, and determined to see to it that words and acts and deeds calculated to give encouragement to the enemy are firmly and completely stamped out.

They made the trip to Calistoga in automobiles in response to repeated complaints coming from the upper valley to the effect that German sympathizers were active there.

It was reported that a group of Germans had recently gathered and had celebrated the offensive now on the west front with a "beer bust", and that other Calistogaites had in various ways discouraged the purchase of Liberty bonds and war stamps.

Upon arrival in Calistoga the Napa citizens quietly rounded up all the suspects and escorted them to the town hall, where they were put on the carpet and given a severe grilling.

The men implicated in the alleged "beer bust" denied the charge and professed the deepest sympathy for the United States, and emphasized the hope that America would win the war. They promised to buy bonds and stamps, and to aid in the Red Cross and other patriotic movements and, after kissing the Stars and Stripes were permitted to return to their homes.

Other matters were considered in detail and considerable evidence was taken.

The raiders then returned to Napa.

Joe Erych, late of the Pullman shops, writes in a letter from France that he is in the best of health, working hard, and hopes the war will be over soon so that he may return to the good U. S. A.

Independent Democratic

RUSSIA, THE NATION OF CHAOS

Things are in a pretty bad mess in Russia, if the information coming from that country is to be believed. There is no government, either democratic or monarchal and the people are arrayed against each other. Every man is trying to undermine his neighbor and human life is not considered of any value.

Of course a great deal of this condition among the people of Russia has been brought about through the efforts of the agents of Germany. They have corrupted the leading men of the nation by money bribes and offers of official perferment and their purpose is clearly to bring it to such a state that it will be easy to send armeis there and complete the conquest. For that very reason President Wilson's appeal to the Bolsheviki to stand out for democracy and resist the kaiser is likely to have little effect, because the German propagandists are on the job and Lenine is working hand in glove with Germany.

We have fallen down in our diplomacy with Russia, because we have not been willing to fight German intrigue with Germany's own weapons. Largely what Germany has accomplished in Russia both before the overthrow of the czar and since, has been done by bribery—by passing out gold with both hands.

The United States will not resort to bribery, even to win the war. The government is not in the hands of ward politicians who are in the habit of winning elections by boodle. Ths country is willng to spend billions to win the war, but it is not willing to win by boodle methods. Germany is glad to hire men to betray any one of the allied nations, to create dissatisfaction, to promote strikes and to reach even into the halls of legislation and into the headquarters of high military commanders. For example we have in France the stories of Caillaux and of Bolo Pasha, and of a French cabinet officer. We know what has been attempted in the United States senate.

We are told to buy coal and more coal—and lay in our winter's supply before Thanksgiving. We are also told that if Garfield had kept his hands off the coal situation, the price would be less now and it would be easier to secure. However, the fuel situation is not more gloomy than that of food and every other essential of life.

Archibald Roosevelt has the proud distinction of being wounded in battle in Europe with the Germans. We are sorely afraid there are many of our boys who will be accorded the same distinction before this war is over.

Albert Springindschmitten of Seattle has asked the court to condense his name to Spring. He got along fairly well until the war, when everybody began looking at him.

Twenty members of the Pacific Northwestern Baseball league are working in the shipyards of Seattle. The fans may even have to go to work later in the year.

The first execution of a traitor or of an enemy spy will help the people of the United States to realize that we are at war.

Pullman company has decided to sell only one berth to one passenger hereafter. It'll go hard with a lot of fellows, being forced to sleep in one bed at a time.

United States Indians have subscribed $9,000,000 to liberty loans and 5,000 of them have enlisted in the army or navy. Lo! the rich and loyal Indian!

Germany is helping Turkey restore order in Armenia. All male Armenians, from babies to grandfathers are being butchered.

Japs may be fighting Germans, in Siberia, before long. It's about time for the Japanese to be fighting somebody somewhere.

"The world is longing for peace," says von Hertling. We violate no confidence in stating that it is also fighting for it.

NEW AUDITOR IN CHARGE AT THE LIGHT OFFICE

Manager C. M. Brewer, of the Western States Gas and Electric company is one of the employers of Richmond who is having some difficulty in keeping up the personnel of his office and field force, "in account of the war." This has been particularly true of his bookkeeping department. Some weeks ago Forest Winfree, auditor of the company resigned to go to war and now his successor, G. W. Ferguson, of Eureka, who has been holding down the job since the departure of Winfree has resigned to be in readiness to answer the summons to the colors.

The new auditor is D. McIntyre, of Tacoma, a man above the age of the draft, and who has a family. He arrived in Richmond yesterday and assumed his duties. His family will be in Richmond to reside permanently in a short time.

Three linemen in the employ of the local electric lighting company, handed in their resignation this week and departed for the war. Eight stars should be emblazoned on the service flag of the Western States Gas and Electric company.

PRETTY WEDDING AT HUTT BROWN RESIDENCE

A pretty home wedding took place yesterday afternoon at 3:30 o'clock at the home of Hutt Brown, 446 Sixth street, when Mr. Brown's sister, Mrs. Eva Stepsenson, of Berkeley, became the bride of James Newman, of San Francisco. The ceremony was performed by the Rev. D. W. Calfee in the presence of a few relatives and friends of the contracting parties.

The couple will make their home in San Francisco, after a short honeymoon trip to the Southern part of the state.

RICHMOND BOY RECOVERING FROM ILLNESS

Duncan Campbell, son of Dr. and Mrs. P. C. Campbell, who is a member of an engineering regiment stationed at the present time in New York has ben very ill and confined in a hospital with an attack of erysipelas. For a time his life was dispared of, but he is now better and will soon be as well as ever.

Last night Dr. Campbell, received a telegram from Duncan telling of his discharge from the hospital and also conveyed the information that he had been granted a short furlough. However, he will not come home, but will put in the time seeing sights in and about the big metropolis.

"I Have An Entire New Outfit for Easter, Helen."

"I'm so glad you took me to CHERRY'S and introduced me to this easy way of buying pretty clothes. Just think! I would still be plodding along with that drab winter suit if I hadn't found out about CHERRY'S for I never would have had saved the cash price for weeks and weeks. Mother is going up and get togged out, too, tomorrow, and the payments we make each week will hardly be missed. I'm planning on getting one of those pretty taffeta dresses for Easter—they're just irresistible and so reasonable. They also carry a fine line of millinery. I gave Eda their address today—515 13th street, Oakland. Men's store, 528 15th street.—Adv.

SICK WIFE'S STORY SURPRISES RICHMOND

The following has surprised Richmond: A business man's wife suffered from dyspepsia and constipation for years. Although she dieted she was so bloated her clothes would not fit. One SPOONFUL buckthorn bark, glycerine, etc., as mixed Adler-i-ka relieved her INSTANTLY. Because Adler-i-ka expels BOTH large and small intestine it relieves ANY CASE Constipation, sour stomach or gas and prevents appendicitis. It has QUICKEST action of anything we ever sold. C. E. Niedecker, Druggist.

RESERVE ARMIES OF ALLIES WILL TURN THE TIDE OF GREAT BATTLE

WASHINGTON, March 29— The great reserve armies of the allies, in which American soldiers are carrying the Stars and Stripes into the most momentous battle of all history, is in motion.

The news means the "brilliant American plan" credited to Major General Tasker H. Bliss by Premier Lloyd George in anuary, is in actual operation.

The result is expected to be that a flying wedge will be thrown against the German line at an unprotected point with sufficient force to effect an opening. The next objective will be an engagement with the reserves now supporting Hindenburg and Ludendorff from the rear.

The movement is also understood to contemplate an attack on the lines of communication which have made possible the extended German drive through the Cambrai district to Montdidier.

In this connection much interest was manifested late last evening in cable advices that the French have struck the enemy a severe blow in the vicinity of Noyon, driving the Germans back two miles. There was considerable speculation as to whether this was the beginning of the looked for counter-offensive.

The minimum strength of this mobile force is estimated numerically at 600,000 with a possible maximum of 800,000. It is purely Franco-American in composition.

The British reserves have been withdrawn to points where they can afford support to Field Marshal Sir Douglas Haig, whose forces have borne the brunt of the Teutonic onslaughts for six days.

The meager details received by the War Department of the strategy involved has given emphasis to the importance of the movement.

According to one of the best informed members of the General Staff the entire German plan of operations can be frustrated and a victory made possible for the allies which could in no other way be obtained.

ROOSEVELT THINKS WAR MAY LAST THREE YEARS

PORTLAND, (Me.), March 29—There is but one way to get a righteous and lasting peace and that is to beat Germany to her knees, Colonel Roosevelt declared here today in a "keynote address" which he delivered before the Main Republican State convention. Colonel Roosevelt lauded as "whole hearted," support which he declared the Republican members of Congress had given to the administration in Washington. He decried "mismanagement at Washington" and urged a policy of "permanent preparedness" after the war

"War is won by brains and steel, not by kid gloves and fine phrases," said the former President in his arraignment of "some of the most important divisions of the Government," which he said were "almost chemically pure of efficient organization."

In discussing post bellum readjustments which he declared already have been shown essential to the well-being of the nation, he said:

We cannot afford to tolerate flint-lock methods of warfare in time of war, or flint-lock methods of government for meeting the problems of industry in time of peace. We need new weapons, but we need the old spirit back of the new weapons. The simple governmental processes which sufficed in the days of Washington and even in the days of Lincoln are as utterly inadequate today in peace as the flint-lock of Bunker Hill and the smooth-bore muskets of Bull Run would be in war.

Look and Feel Clean, Sweet and Fresh Every Day

Drink a glass of real hot water before breakfast to wash out poisons.

Life is not merely to live, but to live well, eat well, digest well, work well, sleep well. What a glorious condition to attain, and yet how very easy it is if one will only adopt the morning inside bath.

Folks who are accustomed to feel dull ad heavy when they arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning, before breakfast, drink a glass of real hot water with a tablespoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the water and posphate is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious others who have sallow skins, blood spells, stomach trouble, rheumatism; disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store which will cost very little, but is sufficient to make anyone a pronounced crank on the subject of internal sanitation.—Advt

"I Got My New Easter Suit On Credit."

"When you buy where I do, at CHERRY'S a little thing like lack of cash doesn't cut any ice. Up there, you know, Tom, you don't pay all your cash out at one time—you just pay a little each week to suit and get the benefit from the clothes. I couldn't begin to describe the classy array of spring suits. It's a revelation in good dressing—and any of it yours on small payments. Of course I'll give you the address—Men's store 528 13th street, Oakland; Women's store, 515 13th street."—Adv.

BYLLESBY GETS PROMOTION IN GOVERNMENT SERVICE

H. M. Byllesby, at the head of the Western States Gas and Electric company and a great many other public service corporations scattered throughout the confines of the United States, went into the service of the government as a major of aviation about six months ago.

Word came from Washington a day or so ago that Byllesby had been promoted to lieutenant colonel in his department of the government service. It is understood that his promotion came about through efficiency and hard work.

KEEP YOUR EYE ON THIS CORNER--WHO ARE YOU SUPPORTING?

(Cotinued from page One)

"out of sorts," don't blame the candidates and don't blame us—it is because you eat too much, too fast, or something has upset your digestion. Meet the deserving ladies with a smile anyway, for a pleasant smile never cost a cent and its a wonderful asset in itself.

CONTEST COMMENT

In looking over the list of ladies today yau will note that some changes have taken place and Mrs. Clara Peake is leading both districts. Others have also jumped above the 10,000 mark, and we hope that all of the candidates will announce their earnest intentions by getting over 10,000 by tomorrow night. It is only a matter of turning in a year or two and voting part of your votes in order to do this. Let your friends and acquaintances know you are in the race by doing this. Friends of candidates can give in their votes at the office when paying their subscriptions if they choose, and they will be credited on the list, or the vote ballots will be delivered to the candidate to use later.

REAL CONTEST NOW ON

The real contest is on now, and it is urged upon every one interested to make the most of the time between now and April 13th, in getting the "Subscribers Gift Ballots." These ballots are winners and carry a greater voting value than at any time during this affair. The wise ones will heed our warning.

To My Friends and Patrons

I have lately enlarged my store, and have added an ice cream parlor to it. When the ladies are down town shopping, I want them to drop in and try the most delicious ice cream they have ever tasted.

If you are, tired from walking drop in and rest whether you purchase anything or not, you are welcome.

My stock of candies is large and varied and I can suit the tastes of any one.

My stock of chicks, rabbits, eggs and baskets for Easter is all that could be desired.

To the men, I want to say that the varieties of tobaccos and pipes is big, and the prices are just what they ought to be—reasonable

I am always at your service.

Stomach Trouble Cured

Oakland, Oct. 2, '17
My stomach was in a disaster for many years. I had a clerk in the office of the lumber department of the S. P. Co., and after every meal I had an annoying gnawing sensation, together with an empty feeling in my stomach. Through lack of nourishment my health was broken and I was in a hospital for several weeks. The doctors first cleaned me out with a stomach pump. Then they treated me for ulcers, and finally, as I did not improve, they observed my digestion through an X-ray. Concluding that they could do nothing for me they sent me home with the suggestion of an operation.
Then a fellow employee who had received a great benefit by drinking the FONG WAN CHINESE HERBS suggested that I try them. The first cup of tea brought me genuine relief, and after a few weeks I was entirely cured. I am back in the office and will be glad to give my personal testimony to any desiring it.

LIGHT WITHIN NEW FILMPLAY AT RICHMOND

Mme. Petrova, who will be seen in "The Light Within," at the Richmond Theatre today and tomorrow, is credited with having the most eloquent face of any of the prominent feminine stars. She does not have to resort to the staring eyes and grimaces usually considered necessary to register the stronger emotions. In one of the final scenes of the drama she is anxiously watching at the bedside of the man she loves. It is a battle for life or death she has waged for him. Finally, her hand on his pulse, she looks the audience straight in the eyes—and without sub-title or any explanatory gestures we know the patient will live. It is a quietly powerful bit of artistry.

This play which is her second starring vehicle from her own studios is a domestic drama of the intense type. As in "Daughter of Destiny" Thomas Holding will be her leading man. Lumsden Hare forms the other side of the triangle. The story is described as a romance of mis-marriage, and Mme. Petrova is said to fit admirably into the role of the doctor's daughter who marries for money in order to gratify her dead father's wish that she pursue a scientific career.

...ce
... in part as follows: "To sell, offer for sale, furnish or give away any intoxicating liquor to any person who openly and notoriously wastes his money in drinking intoxicating liquors to the detriment of his family or those dependent upon him."

Which this man did and admitted the fact. A Humane Officer, too, testified to this before the license committee at the hearing in this case.

I know he did neglect his family through drink.

MRS. SHUMARD.

THE CHURCHES AND DAY-LIGHT SAVING

All Sunday morning services at Richmond churches will be at the usual time on Easter Sunday, for the reason that people will be up as late as usual on Saturday. All Sunday evening services will begin Easter Sunday thirty minutes earlier and be shorter, in preparation for the earlier work on Monday. HEAD STUFFED FROM CATARRH OR A COLD

Says Cream Applied in Nostrils Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more hawking, snuffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh disappears.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed-up with a cold or nasty catarrh.

SEDITION TO BE SQUELCHED BY WAR WORKERS

Indications are, from hints given out by the officials of the Community Council for War Work, that some steps are to be taken to suppress certain pro-German sympathizers in and about Richmond. There are not a great many of them according to this information, but there are a few and they are particularly pernicious. There is to be nothing in the way of persecution, but one of two things will have to be done by those who are in sympathy with the enemies of the United States — they must cease their activities or else suffer the consequences of their conduct.

This is in line with plans laid down by the National Council of Defense and the same general rules apply to all portions of the United States. I. W. W. propagandists are particularly to be looked after and when apprehended they will be locked up for safety until after the close of the war.

PREDOMINATING SPECIFIC INSTANCE

There are many reasons why certain business men succeed, and these are known as "general" instances; but there is something of vastly more importance, the "specific" instance. The successful business man you will find will attribute his success to these "specific" instances, among which you will find the predominating factor of systematic advertising. Are YOU doing anything "specific" Mr. Business Man? NOW is an opportune time to formulate, and to put in action that contemplated campaign of advertising that you have so long advertising that you have so long neglected, to your detriment.

Phone Richmond 70, and ask for Advertising Manager, and he will call and give you the minute details on systematic advertising.

You might be a "good gun" all right, Mr. Advertiser but, do you "shoot straight"? The Record-Herald Ad columns will steady your aim.

Spring Suits

of surpassing charm and beauty

These new suits are a triumph in the development of beautiful apparel. The Eton jacket, pony coat and smart fitted effects with flaring peplums are noticeable features. Also plain tailored models are very popular and there are distinctive models in Norfolk styles.

The materials are wool jerseys, moonglo satins, roshanara crepes, ruff-a-neck silks, crepe poplin, velours, tricotine, serge, Poiret twill, mixtures, gabardines and Delhi cloth in newest shades and novelty checks—**$19.75** to **$87.50**.

Graceful New Coats

Even the most practical Coats have a luxurious appearance—the soft, refined elegance of velours and duvetyns, fine twills and suede cloths, coverts and burellas. And there are surprising little features in the way of hoods, cape collars, sleeveless effects, pockets, etc.

A myriad of smart styles in jersey, velour or check coats. Prices **$15** to **$95**.

Beautiful Dresses

New foulard patterns, new wool-embroidered jerseys, new Baronettes, crepe Georgette, new silks and other fashionable materials in which the very radical changes in fashions are adequately interpreted.

Clever coat styles, graceful tunics, braid, embroidery and youthful styles for street wear, for "Sunday-go-to-meetin'," for afternoon and evening wear —**$15** to **$100**.

Second Floor

Bon Ton Corsets have the new O-I-C Clasp

It Does Not Pinch, It Does Not Break, It Does Not Squeak, It Stays Flat.

The new spring models in Bon Ton Corsets — all having the O-I-C Non-Pinching Clasp—are designed for every type; slender, medium, average, full, stout and misses; from beautiful materials in pink and white.

This new corset invention fills a long felt want for O-I-C Clasps, absorbing the flesh between the clasp blades—a complaint frequent with corsets.

For Spring garments, let our expert corsetieres fit you with an O-I-C Clasp. You will find them satisfactory.

Prices **$3.50** to **$15.00**—Second Floor

PAT SHAMROCK IS DEPRIVED OF LIBERTY

MARTINEZ, March 29—A man giving the name of Pat Shamrock was arrested Tuesday by Constable Palmer on charges of disturbing the peace. Shamrock has just been released from the Solano County jail where he served a term for a like offense. The man is an avowed I. W. W. member and sympathizer and is continually preaching the seditious propaganda of this organization. He will be held here pending action by the federal government.

SOUVENIRS OF "NO MAN'S LAND" SHOW HOW THE GERMANS SAW HIM

That gas masks hold high place among the war souvenirs of the men back from No Man's Land is well explained by the photographs made when Major A. W. Owen found his own old gas masks in the hands of a friend and tried them on again. The days of Ku Klux clans were recalled by the grim pictures that resulted.

Major Owen, officer commanding western division of the British-Canadian Recruiting Mission, was asked by T. J. Wall of the Canadian Pacific Railway, to explain the intricacies of his two souvenir masks "from France." To interest some recruits, Major Owen undertook to do so and discovered two old comrades of trench raids—his own masks. Now he knows how he looked to the Germans.

Many of the officers of recruiting depots have souvenirs from gas masks to saw-tooth bayonets and remnants of aeroplanes. The temper of the recruits is shown in the zest they show for the grim side of the war and disregard for its horrors. "It is time to go," said one man, John Payne of Milwaukee, who made careful provision for his wife and four children and presented himself "to do his bit."

The gas mask has assumed the importance of the daily rations in this war, recruits are told. On active service, a soldier carries both masks so that if either be damaged there is still one left. It takes ten seconds to put on the helmet; fifteen seconds is slow work, according to the Major, slipping the hood over his head in a twinkling.

The P-H helmet is a cloth hood with goggles, saturated in chemical compounds which absorbs and transforms the deadly gas as the soldier breathes it through the cloth. He exhales through a compressed rubber tube. With the box respirator, however, he draws the air through a box containing charcoal and other purifying chemicals which absorb the poison.

MONDAY LAST DAY REVENUE REPORT CAN BE FILED

If you have not yet filed your income tax report it is time you got busy.

There will be no extension of time for the filing of federal income tax returns, Internal Revenue Collector Wardell announced today. This work must be closed next Monday to make way for the third Liberty Loan campaign, which will be inaugurated on April 6.

The collector stated, however, that the main office in the customs house would be kept open until midnight on April 1 to give the public every minute the law allows for filing their income statements and for the reception of returns by mail from the outside sections of the district.

April 1 will be no joke to those subject to income tax and who fail to file their return, is the warning of revenue service officials. One hundred revenue men will take the field immediately after the first of the month to verify returns and ferret out slackers.

COMB SAGE TEA INTO GRAY HAIR

Darkens Beautifully and Restores Its Natural Color and Lustre at Once.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients, costing about 50 cents a large bottle, at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of muss.

While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.
